### Insurance Corner

The BREA hired an insurance consultant, Carol Chandor, a couple of years ago. She helped get the IAC (Insurance Advisory Committee) to put insurance costs out to bid. She also helped to put the insurance options package together that we received a couple of years ago. Her work benefited all people who work in the school district. To date, teachers, educational assistants, cafeteria workers, custodians, and secretaries have all paid their fair share for the cost of her services. The only group not included is administrators because they have not paid any amount.
